

Natural Finish Surface Treatments

Product Name: Natural Finish Treated
Powders

Types of powders: Mica, Sericite, Titanium
Dioxide, Kaolin, Talc, or
any other powder desired.

FEEL MEETS FUNCTION

Natural Finish is a proprietary surface treatment technology that unites feel with function. It allows the cosmetic chemist to create cosmetics that maximize formulation performance while providing a very natural finish on the skin. Silicone, silane, fluorinated, hydrophobic, and hydrophilic treatments are available, as well as any custom blends desired.
